CORE COMPETENCIES

Suzanne Kryder, Inc. is a Washington-DC based neuroleadership training and coaching company that specializes in helping leaders who are struggling to hold people accountable and get results without being passive or aggressive.

- Designed a proprietary leadership development program, *The Mind to Lead*, that helps leaders develop a non-confrontational leadership style called “calm, confident power” so they consistently motivate and hold others accountable for achieving results. Primary Executive Core Qualifications include: Developing Others, Accountability, and Resilience
- Expert in emerging field of neuroleadership which brings neuroscientific knowledge into leadership development
- Experienced in training leaders in mindfulness, a tool used by the U.S. Army to increase mental focus and emotional resilience while preventing Post Traumatic Stress Disorder (PTSD)

PAST PERFORMANCE

- Designed & delivered a neuroleadership curriculum for Department of the Interior’s Senior Executive Service program
- As a subcontractor, trained and coached managers for Sandia National Laboratories (Department of Energy)
- Designed & delivers neuroleadership curriculum for The Brookings Institution’s Public Leadership 21C program

DIFFERENTIATORS

The company is headquartered in Washington, DC and delivers services nationally and internationally. Suzanne Kryder has a doctorate in health education and organizational behavior as well as a certificate in management coaching from an International Coaching Federation certified program. She presented at the first North American Neuroleadership Summit in 2008. She has trained and coached thousands of leaders in the public and private sectors and is the author of the forthcoming book, *Coaching the Mind to Lead: Cultivating Calm, Confident Power*.
